# ADMINISTRATOR MESSAGE

Dear St.Mary's Families

Our goal is to provide an enriching, engaging and challenging curriculum that will prepare students for success today and in future. We believe that students, parents and teachers all play in helping students reach their greatest potential. Students are encouraged to take advantage of the many resources available to them-their teachers, the library, the computer labs and the smart classes. I hope this effort of our minds will serve as a stepping stone towards the many miles stones we have to cover in pursuit of excellence.

Thank you for your continued support of our amazing school. Together, let us inspire our students to **BE THE BEST YOU!** and make this school year filled with growth, learning, and joy.

**Rev Sr. R. REESAL**  
**ADMINISTRATOR**

# PRINCIPAL'S MESSAGE

## Warm Greetings to Everyone

It is a privilege for me to work with our students, our staff and our families to make our school the very best it can be. Education can be a life-long learning process and our mission therefore is to provide a learning environment to our students as learners. Our distinctive academic programmes and innovative teaching methodologies encourage students to develop critical thinking and to develop key personal and social values to take ownership for their choices and to set goals to realize their own unique potential. We aim to empower our students to grow as individuals with strong open discerning minds, preparing them to make a mark in the world. We value igniting the spark of creativity and curiosity in our students and we strive to provide an environment that is basically sacred and has a framework of discipline that is flexible yet supportive, freedom that allows students to learn from their mistakes and to develop into a person moulded by the correlatives of freedom and responsibility.

**MS.M. Selvi Sagaya Mary**
