# ADMINISTRATOR'S MESSAGE

Dear St.Mary's Families

We are quickly approaching a change in the educational system where the emphasis will be placed more on “project-based” or “experience-based” teaching approaches. Through a process of actual experiencing, followed by inquiry and reflection, these techniques of learning lead to the learner developing understanding. Through ongoing involvement and interaction with oneself, followed by their peer group and teachers, the process entails growing and supporting student learning.

I look forward to the day when we will succeed in achieving our goal, which is for the students to understand the relevance of the material they are learning rather than just memorizing it by rote. Learners will be able to investigate the information and concepts they have learned by applying them to comparable or dissimilar real-life situations. This will help them understand, compare, manipulate, and apply their knowledge to practical situations.

**Rev Sr. R. REESAL  
ADMINISTRATOR**

# PRINCIPAL' S MESSAGE

**Warm Greetings to Everyone**

**Discipline is one of the most important personality traits in everyone's life. It refers to a set of rules and regulations which are to be followed while undergoing any task or activity. It is a way of being honest, hard-working, motivated, and encouraged while doing any task.**

**A student who is taught discipline will learn the power of self-control. Freedom, to be truly effective, needs the guidance of discipline. To be successful, we need self-discipline which teaches us to sacrifice individual interests in favor of group interest Our children represent our hopes and dreams. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face future challenges.**

**Education is not just a process of giving knowledge for a future job but a lifelong process that creates an understanding of moral and ethical values to guide one's life and make our students the future hope of the country.**
