ADMINISTRATOR'S MESSAGE

Dear St.Mary's Families

In today's world everyone wants to be successful but what is a success. The perspective of success varies from person to person. For the record, the people before us have a different view on success and the person after us will have a different view on success.

success is like a seed that needs a balanced proportion of all the elements of life. And no one can achieve success in a day they have to go through and face different conditions in life for being successful. Above all, success is the feeling of fulfillment that you feel when you achieve your goal.

Every man's dream is to be successful but achieving success is in your hands. Success begins with someone's efforts and hard work. If a person has a goal and does not try to fulfill his goal, then he can never achieve success. To be successful, a person needs to work hard and put in a lot of effort. To achieve your goal, you need to chase after it, and you must be dedicated. Hard work and dedication are the two mantras of being successful. The meaning of success might differ from one person to the other, but the pleasure of being successful is incomparable. For some people, being successful means having a lot of money and becoming rich but being successful is much more important than being rich. Our parents and teachers ask us to work hard and focus on our studies so that we achieve success and be capable enough of finding the path to success.

Rev Sr. R. REESAL
ADMINISTRATOR

PRINCIPAL MESSAGE

Warm Greetings to Everyone!

Success is often defined as the ability to reach your goals in life, whatever those goals may be. In some ways, a better word for success might be attainment, accomplishment, or progress. It is not necessarily a destination but a journey that helps develop the skills and resources you need to thrive.

Success in life means attaining your vision of a good life. It means achieving specific goals that result in the future you have planned for yourself. Success in life is defined by the individual. Your vision of success looks different than someone else's.

There are many different tactics for how to be successful in life, but the strategy that works best for you may depend on what success means to you. If you think of success as doing well at work or earning a high salary, your professional goals and accomplishments will take priority.

While there is no single right way to be successful, you can improve your chances by building a growth mindset, improving your emotional intelligence, developing mental toughness, and strengthening your willpower, among other strategies

SPORTS DAY

28th Annual sports day was celebrated with great enthusiasm on 30.09.2024. The ceremony was presided over by the chief guest Mr.T.Sakthivel, M.Tech, NSNIS, Parental guest Mr.M.Arul Doss M.B.A and Our Superior General Rev Sr.S.Lalitha DMI, and correspondent, DFT group of TN Schools Rev.Sr.N.Sasikala DMI.

Students showcased their athletic talents across a variety of events, including Band display, March Past, track events, races relays and field games. The atmosphere was filled with the cheering from classmates, families and teachers.

DEO VISIT

We are excited to share the highlights from the recent visit of the district education officer(DEO) on 06.09.2024. This visit provided an excellent opportunity for us to showcase our achievements and discuss our goals for the future.

* TOPPERS MEETING

Principal conducted a special meeting for our top performing students. This gathering is designed to discuss about achievements and strategies for continuous success. This meeting is a great opportunity to connect with fellow high achievers and gain insights that can benefit our academic journey.

TEACHERS DAY CELEBRATION

Teachers' Day serves as a reminder of the vital role educators play in shaping not only the lives of their students but also the future of society. On September 5th teachers day is celebrated in our school ,conducting cultural events by the students. A small gift was given by the students to the teachers as a token of love .

MASK ACTIVITY

Grade I students did animals mask activity in their class . Mask making is a rewarding and creative process. It's an absorbing activity that helps to focus children on eye and hand coordination. Masks can be fun, mysterious and even frightening. When the mask is completed and worn for the first time a new character is born.

SAFETY DAY

School Safety day was observed on 6th September 2024. Principal checked vehicles, classroom, rest room and labs.

MATHS- CLOCK ACTIVITY

Grade III students did Clock Models in Mathematics subject. By this activity As children learn to tell time, they become more independent and are able to manage their own time. Supports academic development: Telling time is a fundamental math skill and is important for understanding more complex concepts such as fractions, decimals, and measurements.

ONLINE TRAINING

Principal attended training on 14.09.2024 and 28.09.2024 on the topic” Leadership skills, Use of technology in teaching and learning process and 21st century skills

ENGLISH-SINGULAR PLURAL ACTIVITY

Grade II students did English activity in the topic of “singular and Plural”. Flash cards were prepared by the students to differentiate singular and plural .This activity helps the students to improve the language skills. It helps them understand how to use singular and plural nouns and subject-verb agreement.

CRAFT WORK

Grade II A students did Weekly activity as Making T-Shirts in Craft paper . Making Paper craft has an aesthetic, educational and therapeutic value. This art form is particularly popular with children because it's so approachable. It strengthens understanding of geometry, develops problem solving skills, promotes multi-cultural awareness, teaches patience and following instructions.

AWARENESS PROGRAM FOR STUDENTS

An awareness program was conducted on 11 September by the students of Dr.MGR college for the girls from std VI to VIII on the topic “Mensuration and safety” This program covered personal safety, quiz competition and engaged students with interactive QA session.

COUNSELLING FOR TEACHERS

Counseling session for teachers was conducted by Sr.Amali, This session aims to provide support and resource for managing stress, enhancing well being and fostering a positive work environment, stress management techniques, peer support etc.

PRINCIPAL'S MEETING

On 12 September meeting was conducted for all the principals in Jaya engineering college, Thiruninravur from our school Mr.Boopalan (Higher secondary coordinator) attended the meeting .It was organized by Thiruvallur Dist DEO In this meeting discussed about The POCSO committees in school and its functionality.

SHAPES ACTIVITY

We had a wonderful time exploring shapes in our kindergarten activity. UKG Students learnt about different shapes including circles, squares, triangles and rectangles. We concluded with a fun discussion where kids shared their favorite shapes and what they learnt.

TEACHERS ORIENTATION PROGRAM

Orientation program mental health and psychotherapy was conducted by the resource person Mrs. Anila on TA which helped, this program equipped educators with essential psychological insights and support their students diverse needs. This session also included understanding students behavior, emotional intelligence.

TABLE MANNERS

We held an engaging table manners activity for our students, to teach the importance of proper table etiquette in a fun and interactive way. Students practiced setting the table and using utensils correctly, learning about different items like forks and spoons.

ORIENTATION PROGRAM FOR STAFF

On 16.09.2024 Principal conducted orientation program for teachers. The purpose of this program is to examine the awareness about the new technologies among teachers used in classroom teaching. Specially how ChatGPT can help teachers think outside the box and develop new and innovative ideas for their lesson plans and Gamma AI app that creates presentations, documents, and webpage's from text in seconds.

SAND ACTIVITY

To enhance fine motor skills and letter formation through tactile learning. LKG Children practiced writing letters and simple words in the sand, enjoying the sensory experience. This activity not only made learning fun but also supported the development of essential writing skills.

OLYMPIAD

DISTO 2024, DFT Interschool talent Olympiad was conducted on 18.09.2024 for the class VI to IX from the subject science and maths. Students eagerly participated in the exam and expressed their ability. This would help students to analyze their subject excellence.

FIRST TERMINAL EXAMINATION

First terminal examination was conducted from 19.09.2024 to 27.09.2024 to assess students understanding and progress. Teachers are now in the process of grading every child and will soon provide a detailed feedback to help students improvement. Parents and teachers are eager to see the results and support the students in their continued learning journey.

KG DEPARTMENT TEACHERS MEETING

Meeting was conducted by the campus superior and the principal for kindergarten teachers on 20.09.2024. The focus was on strategies to enhance student engagement and the exchange of resources to support our little learners development.

ADMISSION INITIATIVES

Our kg teachers visited near by villages to get Vijayadashami admission for the academic year 2024-2025. While canvassing we got very good positive feedback from the parents and many parents were eagerly waiting to join their children in our school.

STAFF MEETING

The Staff meeting was conducted on 27 September 2024 to evaluate the first term activities. It started with prayer and followed by welcoming the gathering. First term evaluation was done where all the good attempts and successful achievements were highly appreciated. Teachers were asked to equip themselves to educate the students innovatively.
