CORRESPONDENT MESSAGE

Dear Parents, Students, and Teachers,
Greetings to all!

As we move forward into another exciting term, I would like to express my heartfelt appreciation to everyone for their continuous support and cooperation. Each month brings new opportunities for learning, growth, and achievement, and it is wonderful to see our students participating enthusiastically in every school activity.

Let us continue to work together to create a positive, safe, and inspiring learning environment where every child can discover their strengths and reach their fullest potential. With teamwork and dedication, we can make this academic year a truly successful and memorable one.

Best regards,
Rev. Sr. Reesal, DMI.
Administrator

PRINCIPAL MESSAGE

Dear Students, Parents, and Staff,

Discipline is the foundation of success in every aspect of life. It not only helps students achieve their academic goals but also shapes their character, fosters responsibility, and cultivates respect for others.

At our school, we emphasize the importance of discipline in daily routines, classroom behavior, and co-curricular activities. By practicing self-discipline, students learn to manage their time, make positive choices, and contribute to a safe and respectful learning environment.

I encourage all our students to embrace discipline as a guiding principle in their lives. Together, let us create a school community where learning, respect, and responsibility go hand in hand.

Best regards,
Mr.B. Narendiran John Britto
Principal.

CANVASS

Our teachers enthusiastically went on a canvassing drive to promote **Vijayadasami admissions**. They visited nearby areas, interacted with parents, and shared details about our school's learning environment, academic programs, and co-curricular opportunities. The teachers highlighted the significance of Vijayadasami as an auspicious day to begin a child's educational journey.

VIJAYADASHAMI

Vijayadasami, the auspicious day marking the beginning of new learning, was joyfully celebrated in our school on 2nd October. To mark this sacred occasion, our KG children dressed up beautifully as Goddess Saraswathi, Goddess Lakshmi, Lord Muruga, Lord Siva, Andal, and Perumal.

The little ones participated in the Golu Pooja, creating a divine atmosphere filled with devotion and excitement. The celebration symbolized the start of a new educational journey, invoking the blessings of the Almighty for wisdom and knowledge. The day was filled with joy, tradition, and spiritual fervor, making it a memorable experience for our young learners.

BEGINNING OF SECOND TERMINAL

The Second Term of our academic year began on 6th October with a refreshing morning assembly that set a positive tone for the days ahead. Students returned with renewed enthusiasm and energy after the vacation. The day was filled with fun activities and interactive sessions, helping students reconnect with friends and teachers while preparing for new learning adventures. The joyful start motivated everyone to look forward to another successful and exciting term.

MODEL PRACTICAL EXAM

The Model Practical Examination was conducted in our school to prepare students for their upcoming board practical's. Students actively participated and demonstrated their knowledge and skills in various subjects. Teachers guided the students throughout the sessions, ensuring that they performed their experiments with accuracy and discipline.

OPEN DAY

An Open Day was conducted for all classes on 11th October. Parents visited the school to review their children's academic progress and interact with the teachers. The event provided an excellent opportunity for parents and teachers to discuss students' strengths and areas for improvement. The day strengthened the bond between home and school, ensuring better support for every child's learning journey.

SAFETY DAY

Safety Day is observed every month under the guidance of our Principal to ensure that all safety measures are properly followed within the school campus.

During the observation, various safety aspects such as fire safety, emergency exits, electric circuits, classroom arrangements, water purifiers and water tanks, restrooms, first aid readiness, and student discipline are carefully checked and reviewed.

AI TRAINING

Every week, special Artificial Intelligence (AI) classes are conducted for our Grade XI and XII students to enhance their technological skills and prepare them for the future.

These sessions provide valuable insights into the world of AI, including its applications, tools, and real-life uses.

ADMISSION INITIATIVES

ST. MARY'S
MATRICULATION HR. SEC. SCHOOL
