ADMINISTRATOR MESSAGE

"Dear Students, Parents, and Staff,

As we continue on our educational journey, I want to take a moment to reflect on the importance of kindness. In a world that can sometimes seem overwhelming and divisive, it's easy to forget the simple yet profound impact that kindness can have.

As educators, we strive to create a learning environment that is not only academically rigorous but also emotionally supportive and inclusive. We believe that kindness is a fundamental value that underpins all that we do.

I encourage each and every one of you to make kindness a conscious choice in your daily interactions. Hold the door open for someone, offer a smile or a kind word, listen actively to someone who needs to be heard.

Remember, kindness is contagious. When we choose to be kind, we create a ripple effect that can spread far and wide.

Let's work together to make our school community a beacon of kindness, compassion, and empathy.

Thank you for all that you do to make our school a special place.

Best regards,

**Rev Sr. R. REESAL
Administrator"**

PRINCIPAL MESSAGE

"Dear Parents, Guardians, and Students,

As we settle into the new year, I wanted to take a moment to reflect on the importance of time. Time is a precious resource that we all have, and how we choose to use it can have a significant impact on our lives.

At [School Name], we believe that time management is an essential skill for success. By prioritizing tasks, setting goals, and avoiding procrastination, our students can achieve their academic goals and pursue their passions.

I encourage all students to make the most of their time by:

- Creating a schedule and sticking to it
- Prioritizing tasks and focusing on the most important ones first- Avoiding distractions and minimizing screen time
- Taking breaks and practicing self-care
- Seeking help when needed and asking questions

I also encourage parents and guardians to model good time management skills at home and to support our school's efforts to promote time management.

By working together, we can help our students develop the skills they need to succeed in school and beyond.

Thank you for your ongoing support.

**Best regards,
Ms. M. SELVI SAGAYA MARY
Principal"**

OPEN DAY

On 4th of January Second terminal exam open day was conducted. Parents met class teachers and enquired about their child's performance in the second terminal exams. The aim of a parent teacher meeting (PTM) is to establish a two-way communication channel between parents and teachers to support a students learning and development.

EVALUATION MEETING

Evaluation meeting was conducted departmentwise

Teachers discussed parents feedback on their child's academic performance with principal.

Principal gave guidelines to teachers in handling slow learners, improving the class average and retaining the good academic performance.

TAMIL ACTIVITY

சுவைகள்

Taste exploration activity was done by UKG kids. We are excited to share highlights with you. Several fun experiments to help participants identify and distinguish between these tastes. Some highlights include

- Blindfolded taste tests**
- Taste bud exploration**
- Flavor profiling**

உறவுகளை அறிவோம்

Children created a simple family tree to identify relationship like parents, siblings and grandparents.

PARTS OF THE PLANT

Understanding the parts of a plant helps children appreciate nature and learn how plants grow and survive. Teachers provided a plant diagram for children to label roots, stem, leaves, flowers and fruits.

PONGAL CELEBRATION

On Jan 13 Pongal festival was celebrated in our school. Pongal, a harvest festival of Tamil Nadu, signals a time for new beginnings. It marks the end of a cold winter and signals the start of the sun's six-month journey towards the North. On this auspicious day, the Sun is worshipped as the life force behind all creation. It is a celebration to thank the Sun, Mother Nature and the various farm animals that help to contribute to a bountiful harvest .

MEGA FOOD CARNIVAL AND FUN FEST

Food carnival was conducted on 11.01.2025. Food carnival brings students, teachers and parents in a fun and interactive way, helping to foster a sense of community with in the school. Students and parents enjoyed the delicious treat and actively participated in fun games and other activities.

HOUSE VISIT

Teachers and Parents are part of every students Journey. They have the ability to light fires, help children to succeed, and to even change the world. Everyday after 4.00 pm our teachers visited their class children's house to know their activities at home and to support the parents in their child holistic developments.

TANGRAM ACTIVITY

Grade IV students did Tangram Maths activity. Students brought different shapes of papers and constructed tangram model in the class room .By this activity students learnt Tangrams can be used for various purposes like developing problem-solving and logical thinking skills, perceptual, reasoning, visual-spatial awareness, creativity, and many mathematical concepts such as congruency, symmetry, area, geometry, and perimeter.

NUMBERS IN WORDS

An exciting way to connect numbers with words. The numbers in words activity is designed to help children learn how to spell numbers, improving their math and language skill in a fun and engaging way.

SHAPES ACTIVITY

Grade I-II students did Shapes activity in their maths subject. students were instructed to bring objects in different shapes . Students were allowed to pick an object and explain the shape of the object and corners in the object.

Learning shapes helps children identify and organize visual information. Shapes encourage kids to visualize and connect to the world around them. It also helps children understand other signs and symbols, such as street signs or icons on a computer app.

ACTION WORDS

We introduced an exciting way to learn about action words, also known as verbs. The words describe what we do are a key part of building sentences action words show activities such as dance, drink, read, smile.

விவசாயம் சார்ந்த கருவிகள்

Students of std VII did Tamil activity "vivasaya karuvigal" Students learnt the importance of agricultural equipments and its origin, despite their simplicity, these older tools allowed farmers to accomplish key tasks laying the groundwork for modern agricultural techniques and machinery.

BLOOMERS MEETING

The Bloomers meeting was conducted for Grade X students by principal, to evaluate their progress in academics. Principal motivated the late bloomers to concentrate more on studies and score good marks in exam. Students got a space to speak up freely their difficulties.

TOPPERS MEETING

Principal met toppers of STD X & XII on every Wednesday to assess their performance in the examination. Guidelines were given to score good marks in the public examination.

HANDWRITING ASSESSMENT

Handwriting assessment was done on international handwriting day 23.01.2025 for the class KG to VIII. Handwriting skills are closely linked to reading and writing development. This assessment can help ensure students are developing the skills they need to perform well academically beyond just writing tasks.

LISTENING SKILL ASSESSMENT

The Listening Skills Assessment is helpful to measure understanding and the appropriateness of responses, key components of successful communication. It verifies a student's ability to engage in active listening.

Listening assessment was conducted for Grade III-VIII students to improve and evaluate their listening skill.

ORIENTATION PROGRAM

Orientation program was conducted on 23.01.2025 for std XII students on the topic “happy learning”. Dr.P.L.Joseph Raj from St. Joseph’s University was the resource person. This session helped students to find way to succeed in their academic environment.

NATIONAL GIRL CHILD DAY

Students of Std I to IV participated in awareness program. Program included speeches, skits, and poster-making on girl child empowerment. Students took pledge to promote equality and respect for girls. Program aimed to sensitize students on importance of girl child education and rights.

VOWELS ACTIVITY

The vowels activity was successful in introducing the concept of vowels to LKG students. Students identified and recognized vowels A, E, I, O, and U. Activity included alphabet chart, picture cards, and worksheet. Students showed enthusiasm and improvement in recognizing vowel sounds.

WASTE REUSE CRAFT WORK ACTIVITY

Students created innovative crafts using waste materials like old newspapers, cardboard tubes, and fabric scraps. Activities included making paper Mache art, bottle cap wind chimes, and cardboard tube marble runs. Students learned the importance of reducing waste and promoting creativity through reuse.
